Message from the President of APAIE

On behalf of APAIE, it is my pleasure to extend a warm invitation to you to join us for the APAIE 2026 Conference and Exhibition in Hong Kong, taking place a little earlier in the year than usual, over 23-27 February 2026.

We are honoured to have The Chinese University of Hong Kong (CUHK), a founding member of APAIE, leading the local Hong Kong higher education community in welcoming APAIE to their vibrant city. Back in 2013, CUHK hosted the APAIE Conference and Exhibition event which attracted 1,250 delegates. As we return to Hong Kong, some 13 years later, we are expecting 2,500 delegates from over 65 countries/regions for the 19th iteration of the event – testament to the growth of APAIE and global interest in the region’s higher education sector.

The fundamental purpose of APAIE remains unchanged since its inception in 2004: to serve as a

platform for international educators to come together, fostering connections within the Asia-Pacific region and bridging it with the global community. APAIE also strives to incorporate an emphasis on sustainability in our mission. It is a privilege to be part of such a diverse region, with its array of cultures, histories, perspectives, and experiences. We are honoured to have the opportunity to share this richness with you through the annual APAIE conference and exhibition. Our program is designed to foster mutual sharing of ideas through the 2026 theme of “Asia-Pacific Partnerships for the Global Good”.

I encourage you to take full advantage of all APAIE 2026 Hong Kong has to offer, as a delegate, sponsor, exhibitor, and presenter. Furthermore, I hope you extend your stay to explore the remarkable city that is Hong Kong.

APAIE Legacy Partnerships

Consult with our sponsorship team on the options to have a unique presence at APAIE 2026, focused on making a positive social impact. Benefits are directed to one of the following areas. What will your legacy be?

1. Access

The Access Legacy Partner shares APAIE's principles of equity, diversity and inclusivity. Funds will be applied to enable access to the annual APAIE conference by delegates from underrepresented regions of the Asia-Pacific region who do not have the economic resources to participate. This may include a subsidy to enable attendance and a mentor program to provide skills and experience to get the most out of an international education conference.

2. Sustainability

The Sustainability Legacy Partner shares APAIE's principles of sustainability, aiming to adopt and promote sustainable practices wherever feasible. Sustainability elements that can be covered under this legacy partnership include environmental, social and economic foci.

3. Research

The Research Legacy Partner supports APAIE's aims to promote the internationalisation of higher education through research, collaboration and sharing of ideas. Funds will support emerging scholars and early career researchers to enhance their international research networks both within the Asia Pacific and globally, to enable the sharing of their research to a broader audience.

4. Indigenous

The Indigenous Legacy Partner shares APAIE's principles of respect for indigenous groups across the world, such as collaborating with indigenous people to ensure inclusion in the APAIE program. Funds will provide subsidies to enable more indigenous representation at APAIE's annual conference, run a workshop for indigenous participants, and establish an Indigenous Networking Group.
